DEPARTMENT OF PHILOSOPHY

Nov 3rd.

Dear Professor Kersnock, I have been meaning to write to add my appreciation and thanks to that which Kent wrote on behalf of us both, for this year's splendid colloquium. All the sessions were stimulating and valuable, a real feast of philosophical discussion. And, of course, the hospitality was magnificent! I ~~wish~~ <sup>felt</sup> very privileged to be participating in a small way as a moderator.

I want to express thanks, appreciation, and best wishes for future conferences. The Chapel Hill colloquium is the highpoint of the philosophical year, and makes a real contribution to the profession.

To you, to Clare, to David Falk and to all the department, thanks and good wishes,

Annette Baird.
