Professor Richard E. Grandy
Department of Philosophy
University of North Carolina
Chapel Hill, NC 27514

Dear Dick:

Many thanks for your letter of January 7 conveying the invitation of your departmental Colloquium Committee to read a paper at the Fall 1976 Colloquium in October. I am pleased to accept, and I plan to speak on the subject, "Scientific Rationality and Rational Reconstruction". I would be delighted to have Tom Kuhn as a commentator if you can persuade him to come.

Cordially yours,

Peter
