Dear David,

The weekend was marvelous, even better than last year. I've never before attended a colloquium where I learned ~~so~~ so much. Especially in my own areas (so to speak), I found the discussions truly enlightening.

Thank you for making it possible for me to attend. I enclose my air and parking ticket stubs. I believe that my hotel expenses were charged directly to the department, but Claire agreed to simply bill me for whatever charges are due. Please do the same for any inappropriate travel charges (e.g. parking).

Best Regards

David Kaplan
