Dear Professor Resnik,

Thank you very much for your letter and invitation. I should be delighted to come.

I am mainly working at present on Aristotle's ethics and philosophy of action, and I should probably like to offer a paper in that area. How soon would you need a title? Could I think about possible commentators a little later? I take it that the commentator would want to have a copy of the paper some time beforehand?

I shall look forward to hearing from you on these points, and with any other information you think might be useful - and I shall greatly look forward in due course to meeting you or your colleagues. (A class given by Jack was one of my earliest introductions to Aristotle's ethics and philosophy of action!)

Yours etc

John Ackriss
