Dear Miss Miller,

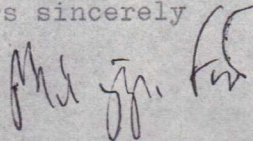

At last I have finished my paper (Morals and Motives, or was it originally Motives and Morals ? I dont care.) I send with it apologies that it hasnt come before.

I have sent a copy direct to Professor Donagan, but I'm sure he would like a tidier copy in due course.

When I wr te to you last I had a problem about my visa. I have since discovered that a visitor's visa is usual when one is not taking a regular job or earning more than an odd honorarium or two, so I will come on one of them.

I am much looking forward to my visit, and will not forget to let you know the time of the plane.

Yours sincerely
